Ford

THE UNIVERSAL CAR

The Ford car can well be called the "people's car," because there are more than 3,000,000 of them in daily operation. That is about four to one of the nearest follower in the motor car industry. This would not be so if the Ford car had not for sixteen years proven its superiority in service, in durability, and in the low cost for operation and maintenance; this would not be so if the Ford car was not so easy to understand, so simple in construction, that anybody and everybody can safely drive it. Let us have your order for one now to avoid delay in delivery.

JOHNSON & THOMPSON
ALMA, MICH.

Confidence

More than 13,000 women and 22,000 men make up the list of the owners of Swift & Company.

Every state in the Union is represented.

Of this great enrollment more than 10,000 are employees of Swift & Company who own shares in the business.

An additional 13,000 employees are buying shares on deferred payments.

These men and women have confidence in the company's policies, its integrity and purposes. That is why they invest their savings in shares.

Swift & Company has been paying dividends regularly for 34 years. The present rate is 8 per cent.

Swift & Company shares are bought and sold on the Chicago and Boston stock exchanges.

The company itself has no shares for sale.

The shares represent actual, tangible values. There is no water.

Anybody—livestock man, retailer, or consumer—may buy them and thus become a part owner of Swift & Company.

No one man, no one family, owns as much as half of the stock.

This advertisement is for the purpose of acquainting you with the fact that Swift & Company is not a "close corporation," and that any one may participate in the profits—and share the risks and responsibilities—by becoming a shareholder.

Swift & Company, U. S. A.

Mr. Petersen and family of Grand Ledge visited her brother, Roy David, and wife the first of the week.

OBITUARY

Emma A. Bates Barton was born at Aylmer, in the township of Whitby, Canada, on December 6, 1852. She was the only child of Civilla Kelley Bates and F. B. Bates, other children having died in infancy. After moving with her parents to Royalton, Niagara county, New York, in 1861, she was privileged to meet John J. Barton. The two were united in marriage on April 22, 1877, and, although no children were born to them to bless their lives, they lived happily together for forty-three years. Two years after their marriage Mr. and Mrs. Barton came to Michigan, settling one mile west of Forest Hill. About twelve years ago they moved to Alma where they have since resided.

Wherever Mrs. Barton lived she made friends and many learned to love her. Her kind and thoughtful disposition made her friendship most valuable and many of the college boys will remember her as the wonderful mother to them that she was. Truly in her life she was "steadfast, immovable, always abounding in the work of the Lord."

After an illness of six days she peacefully passed this life on Tuesday, June 15, 1920, to be reunited with those of her loved ones who had gone before. The immediate cause of her death was pleurisy pericarditis.

Funeral services were held at her home on Lincoln avenue at two o'clock Thursday afternoon. In accordance with her request a few words were said from the text: "The Lord is My Shepherd," and two selections were played on the victrola. Interment took place in Riverside cemetery beside her father and mother. Lester C. Doerr, a former pastor of the Forest Hill Christian church, and one of "her boys," officiated.

To mourn her loss there remain her husband, John J. Barton, Mr. and Mrs. Fred Dewey, Mr. and Mrs. Will Barton, Mr. Jess Barton, and friends.

THANK YOU

May all of the friends who proved so kind and faithful to me during my sad hours find many just as kind and true in their time of need, which must surely come to us all.

John J. Barton.

ELWELL

There is no line of merchandise in which the term "Quality" has wider range than with groceries.

In This Store

Quality means pure, unadulterated and of highest grade. That is the only grade of goods we sell. You may positively rely on the quality of goods bought here.

ALMA, MICH.

The Most Welcome Tire That Ever Came to Market

Men Who Appreciate Superlative Values Prefer The Brunswick

In every great tire factory, the chief question is: "How much can we give for the money?" And the product depends on the policy adopted.

Every man who has become acquainted with Brunswick Tires knows that Brunswick standards are again evident. This famous concern—noted as a leader in every line it entered since 1845—has once more proved that its policy is right.

A perfect tire is simply a matter of knowledge and standards and skill. No secrets nor patents prevent making an ideal tire.

But standards come first. For in tire making there is vast room for skimping, for subtle economies, for hidden shortcomings. Makers without the highest standards don't build high-grade tires.

The Brunswick organization of tire makers includes a brilliant staff of technical experts. Not a man

among them has spent less than 20 years in handling rubber.

Each is a master of his craft. And the new ideas they bring to the attention of Brunswick directors receive sincere consideration.

Every proved betterment is adopted unanimously.

The Brunswick Tire is a combination of acknowledged features—plus Brunswick standards of manufacture.

The result is a super-tire, the like of which you have never known before. The kind of a tire you will gladly join in welcoming.

Yet Brunswicks cost no more than like-type tires.

Try ONE Brunswick. We promise a surprise. And we feel certain that you will want ALL Brunswicks.

Then good tires will have a new meaning to you.
